

Look at the chart below and do your best to say the color, not the word:

Blue **Red** **Orange**
Black **Yellow** **Green**
Purple **Yellow** **Pink**
Yellow **Blue** **Black**
Red **Purple** **Yellow**
Black **Orange** **Red**

This is an example of left brain/right brain conflict!
Your right brain tries to say the color, but your left
brain
insists on reading the word.
